Contract No. F30602-01-D-0167
Databases for the 21st Century II (DB21 II)

PDL Template Dated 29Jan02

i. **General Instructions/Information:** Instructions and examples have been embedded into the template. The template and instructions are prepared using Microsoft Word. The following convention has been used:

Red text - Instructions to be read and followed. Delete after reading and completing.

Black text - Standard and default entries are provided in black text. Tailor only if needed.

Blue text – Sample entries to be used as examples. Tailor and/or enter your own inputs as applicable. Convert all text to “black” upon completion.

Upon completing your PDL, all text should be in black and all instructions and samples deleted.

b. Both the instructions and template are updated periodically, and updates will be posted to the AFRL/IFEBDB21 II Home Page. If your template and instructions are more than three months old, it is suggested that you to check the AFRL/DB21 II Home Page to ensure that you are working with the latest version. Keeping up with the current version is important because the updates represent lessons learned, and conformance to the most current format will result in the most expedient processing of the PDL. The Internet address for the AFRL/IFEB DB21 II Home (Lead) Page is: pending. Copies may also be obtained from the AFRL DB21 II Program Manager (PM), Paul Senecal/IFEB/315-330-3790, or his alternate, John Frank/IFEB/315-330-3296.

ii. **Funding Information:**

a. DB21 II Order 1 can use **3400 Funds only.**

b. **Incremental funding of Order 1 can be accomplished within a given GFY up to approximately 15Sep of each GFY.**

c. **Funding will be added to Order 1 via a Purchase Request, AFMC Form 36.** The 36 should be prepared and processed prior to the PDL, although this is not mandatory. Funds can be obligated on the contract prior to issuing the PDL – this is the preferred approach and proper use of a PDL vehicle, but again, not mandatory.

1. BASIC PDL INFORMATION

a. DB21 II Program Office PDL No/Date: 0167-YY-XXX dated

a. PDL No. 0167-02-001 dated 28 January 2002

Replace the XXX with the official PDL Number, and the YY with the Government Fiscal Year the PDL was issued in. Use the MS word EDIT-> REPLACE to replace all occurrences. Be sure to enter the PDL Number in the Header too. To see the Header, select “Header and Footer” under the “View” tab. Also enter the date of the PDL. The date is typically the day the PDL is approved by the DB21 II Program Manager as being ready to submit to AFRL contracting for official issuing to the

prime contractor. The PDL numbers and dates are obtained from the AFRL DB21 II Program Manager or Alternate.

Note: If a previous PDL is used as an example, ensure that the PDL number and date is correct.

b. Title:

b. Title: Basic AFIWC Site and Development Support GFY02

Enter a meaningful/descriptive title. **Spell out acronyms.**

c. Description:

c. Description: This effort will provide O&M to the Air Force Information Warfare Center Analysis Division's (AFIWC/IOA) systems, databases, and applications as well as development of components of the information architecture needed by AFIWC/IOA to successfully accomplish its mission.

Enter a short, meaningful summary description of the work to be performed in layman's terms. **Spell out all acronyms.**

d. PDL Customer

(1) Customer Name/Address:

*AFIWC/IOA
102 Hall Blvd, Suite 342
San Antonio, TX 78243-7033*

Identify the end customer organization the work is being performed for and provide a complete mailing address. If the customer is AFRL, so indicate.

(2) Customer POC(s):

*AFIWC/IOA/210-977-2604, DSN 969 - Primary
AFIWC/IOAN/210-977-3463, DSN 969 - Alternate*

Identify Customer Points of Contact as shown in the example. Include full name, organizational affiliation, telephone numbers to include area codes. For overseas phones, include country code.

e. **Government Estimate** of Duration/Period of Performance:

e. Government Estimate of Duration/Period of Performance: 12 Months/ 1 Dec 01 – 30 Nov02

Enter the estimated Duration and Period of Performance in both number of months and date range of the estimated performance period. **Notes:**

- 1) Choose a start date at least 5-10 days after the PDL Date provided in 1.a. **AFRL contracting will not allow PDLs that have a start date prior to the PDL date.**
- 2) DB21 II Order1 PDLs **cannot be longer than 12 months.** They can cross GFYs, but must be completed within the contract year they are issued in. Order 1 contract years are:

Contract Year 1	Contract Year 2 (Option)	Contract Year 3 (Option)	Contract Year 4 (Option)	Contract Year 5 (Option)
1Dec2001 – 30Nov2002	1Dec2002 – 30Nov2003	1Dec2003 – 30Nov2004	1Dec2004 – 30Nov2005	1Dec2005 – 30Nov2006

f. **Government Estimate** of PDL Level of Effort (LOE)

(1) Labor Estimate:

<u>Labor Category</u>	<u>Estimated No. Of LOE Hrs.</u>
Project Manager	<i>1,600</i>
Senior Engineer	<i>8,000</i>
Engineer	<i>800</i>
Senior Programmer	<i>7,000</i>
Programmer	<i>4,000</i>
Analyst	<i>6,000</i>
Clerk/Administrative	<i>400</i>
Total Labor	<i>27,800</i>

Enter the estimated Labor Category (ies) of personnel required to perform the PDL work. **Use only the labor categories identified above.** They are the ones specified in the contract and to which the LOE expenditures must be managed and tracked vs. contract specified category ceilings. The contractor will map his labor categories to the above categories in his PDL response (proposal).

(2) Travel Estimate:

<u>Number of Trips</u>	<u>Destination</u>	<u>Purpose</u>	<u>Duration</u>	<u>Number of Personnel</u>
<i>1</i>	<i>Langley, AFB, VA</i>	<i>MIDB Installation Support</i>	<i>1 week</i>	<i>2</i>
<i>2</i>	<i>Bellevue, NE</i>	<i>Management/Tech Reviews</i>	<i>2 days</i>	<i>1</i>
<i>4</i>	<i>Rome, NY</i>	<i>Management/Tech Reviews</i>	<i>2 days</i>	<i>2</i>

Enter estimated contractor travel requirements. For each trip, include number of trips, destination, purpose, duration and number of personnel traveling. The contractor will propose the travel they feel is required to accomplish the work in their PDL response.

for the Program Management, Reports and Documentation, and Software must be the same as the CLINs for the technical work. The Order 1 SOW paragraphs shown in the example table above will be the same for almost all PDLs issued.

A brief, but thorough description of each numbered DPI is required. Sufficient information should be given to provide a basis for evaluating the adequacy of the contractor's Technical Approach to performing the work associated with the PDL. Focus on what needs to be done, and do not include the how. The how is provided in the Contractor's response to the PDL. **Default descriptions for the mandatory DPI for Program Management, Reports and Documentation, and Software are provided below. You may add to these as appropriate for your PDL, as long as the basic mandatory wording below is provided too.**

DPI 8 Program Management

The contractor shall provide Program Management to manage the PDL work in accordance with: 1) paragraphs 4.1 - 4.1.3 of the Databases for the 21st Century II (DB21 II) IDIQ Order 1 Statement of Work (SOW) entitled “AFIWC and DAWS/DMFE/IET Annually Basic Recurring Work and PDL Work”; 2) derived Program Management Requirements from paragraph 4.1.3 (including all applicable subparagraphs) of the DB21 II Statement Of Scope (SOS) entitled “Databases for the 21st Century II (DB21 II): Information, Intelligence, and Information Warfare (I2/IW)”; and 3) the requirements of this PDL. ***(Default)***

DPI 9 Reports and Documentation

The Contractor shall provide all Reports and Documentation in accordance with: 1) paragraphs 4.1 - 4.1.3 of the Databases for the 21st Century II (DB21 II) IDIQ Order 1 Statement of Work (SOW) entitled “AFIWC and DAWS/DMFE/IET Annually Basic Recurring Work and PDL Work”; 2) derived reporting and documentation requirements from paragraph 4.1.6 (including all applicable subparagraphs) of the DB21 II Statement Of Scope (SOS) entitled “Databases for the 21st Century II (DB21 II): Information, Intelligence, and Information Warfare (I2/IW)”; 3) paragraph 8 of this PDL; and 4) the attached CDRL package for this PDL. ***(Default)***

DPI 10 Software

The Contractor shall design, develop, evaluate, document, and deliver as applicable, all software in accordance with: 1) paragraphs 4.1 - 4.1.3 of the Databases for the 21st Century II (DB21 II) IDIQ Order 1 Statement of Work (SOW) entitled “AFIWC and DAWS/DMFE/IET Annually Basic Recurring Work and PDL Work”; and 2) derived Program Management Requirements from paragraph 4.1.7 (including all applicable subparagraphs) of the DB21 II Statement Of Scope (SOS) entitled “Databases for the 21st Century II (DB21 II): Information, Intelligence, and Information Warfare (I2/IW)”; and 3) the requirements of this PDL. ***(Default)***

3. DEMONSTRATIONS REQUIRED:

a. For Demonstration Requirements at Known Location(s):

Demonstrations shall be provided in support of Detailed Performance Information Numbers XX as defined below: *(Default)*

For each known demonstration, provide the following information:

- 1) Location of Demonstration – Provide a complete mailing address including a POC at the location.
- 2) Purpose of the Demonstration
- 3) Related Contractor Travel – Summarize. Details should be listed in paragraph 1.f (2).
- 4) Length of Demonstrations – Provide an estimate.
- 5) Base Support or Government Furnished Property (GFP) or Information (GFI) Needed - Summarize requirements here. Identify detailed requirements in paragraph 7. **Note: You must also obtain a letter from the applicable Government organization documenting the availability of the needed government facilities/items and make it an attachment to the PDL. AFRL contracting will not issue your PDL without this letter.**
- 6) Security classification level of demonstrations.
- 7) Other Demonstration Requirements – List any other requirements not covered above.

b. For Demonstrations Requirements at To Be Determined (TBD) Locations (i.e. which cannot be identified at the writing of the PDL:

Use wording similar to the following, tailoring it to your particular requirements:

Demonstrations shall be provided in support of Detailed Performance Information XX as needed or requested.

- 1) Location of Demonstration – *Demonstrations may be required at various DOD organizations, commands or Customer/User sites, which do to the nature of the work, cannot be specifically identified at this time.*
- 2) Purpose of the Demonstration – Provide a brief description.
- 3) Related Contractor Travel – *Estimated travel requirements are listed in paragraph 1.f (2).*
- 4) Length of Demonstrations – Provide an estimate.
- 5) Base Support or Government Furnished Property (GFP) or Information (GFI) Needed - *Since this work is customer driven, and cannot be predicted in advance, any required base support/GFP/GFI needed at each site/organization/command, will be the responsibility of the participating site/organization/command (see paragraph 7). Sites/organizations/commands that do not agree to provide the needed government resources will be deleted from the demonstration. All on-site demonstrations will be coordinated and authorized by the AFRL PDL Manager*

prior to the contractor expending resources for on-site activities. As much as possible, identify estimated/general requirements in paragraph 7 repeating the above wording if necessary.

- 6) Security classification level of demonstrations.*
- 7) Other Demonstration Requirements – List any other requirements not covered above.*

c. For No Demonstrations: If no demonstrations are required, enter “None” for this item.

4. TESTING:

No formal testing will be required under this effort. Only normal testing to insure developed software/systems run properly shall be required. All testing shall be completed at the contractor’s facility. As applicable, testing shall be performed in support of software/system development and/or software/system maintenance activities related to requirements in the Detailed Performance Information and shall be performed in accordance with: 1) paragraphs 4.1 - 4.1.3 of the Databases for the 21st Century II (DB21 II) IDIQ Order 1 Statement of Work (SOW) entitled “AFIWC and DAWS/DMFE/IET Annually Basic Recurring Work and PDL Work”; and 2) applicable testing requirements from paragraph 4.1.5 (including all applicable subparagraphs) of the DB21 II Statement Of Scope (SOS) entitled “Databases for the 21st Century II (DB21 II): Information, Intelligence, and Information Warfare (I2/IW)”. This shall include providing test documentation as agreed to by the AFRL PDL Manager, the Customer POC and contractor personnel and as identified in the attached Contract Data Requirements Lists (CDRL). *(Default)*

Tailor the above default wording as needed to satisfy your testing requirements. If tests are to be conducted at a site other than the contractor's site, then provided the same information as required in paragraph 3 “Demonstrations”.

If no testing is required, enter “None” for this item.

5. TECHNICAL INTERCHANGE MEETINGS (TIMs):

Technical Interchange Meetings (TIMs) shall be held in support of this PDL as needed or requested by the PDL Manager. *(Default)*

If Technical Interchange Meetings (TIMs) are required other than those held coincidental with the DB21 II PMRs, then identify estimated travel requirements for contractor personnel who need to attend in paragraph 1.f (2).

If no TIMs are required, enter “None” for this item.

If The TIMs are to be held coincidental with the DB21 II PMRs, then merely state this fact.

6. CONTRACTOR ACQUIRED PROPERTY (CAP):

None - It is anticipated that no CAP shall need to be acquired by the contractor to support the work defined by this PDL. If an unforeseen requirement arises during performance of the PDL, the contractor shall provide a detailed listing of the CAP needed, including a justification/explanation of why it is needed to both the AFRL PDL Manager and the AFRL DB21 II Program Manager. Approval by the AFRL PDL Manager and DB21 II PM is required prior to contractor purchase of the CAP.
 (Default)

Describe any hardware/software etc. to be purchased by the contractor to support performance of the work described by this PDL. "None" with the wording as above is the default for this item.
Note: If HW/SW acquisitions are proposed, ensure that they are incidental (minor) relative to the work to be performed. The DB21 II contract is not a procurement vehicle to acquire large quantities of HW/SW etc., but only those items specifically needed to support the work covered under the PDL. Large procurements of HW/SW etc. must be obtained via an appropriate contract vehicle and will not be allowed under the DB21 II contract.

If there are CAP requirements, provide the following information as a minimum, by completing the Table below. If additional space is needed either enlarge the table and make it a separate page or an attachment to the PDL or provide a detailed textual description as needed, below the table.

Disposition Instructions--Mandatory guidance must be provided to tell the DB21 II PM and the contractor what to do with the acquired hardware and/or software upon completion of the PDL. PDLs that do not provide disposition instructions are unacceptable, and will be returned to the PDL Manager unprocessed until this information is provided.

Item Name/Description	Manufacturer's Part No./Nomenclature	Quantity	Purpose – Why is it Needed?	Date – When is it Needed?	Disposition Instructions

Items to Consider: Ensure that sufficient quantities are ordered to consider all development sites, and any operational usage. For hardware, supplemental quantitative information regarding number of CPUs, amount of RAM/ROM, and storage size is desirable. For software, the topic of licenses must be addressed.

7. BASE SUPPORT, GOVERNMENT FURNISHED PROPERTY (GFP), GOVERNMENT FURNISHED INFORMATION (GFI)

None - It is anticipated that no Base Support, GFP or GFI shall need to be provided to the contractor to support the work defined by this PDL. If an unforeseen requirement arises during performance of the PDL, the contractor shall provide a detailed listing of the Government support needed, including a

justification/explanation of why it is needed to both the AFRL PDL Manager and the AFRL DB21 II Program Manager. Approval by the AFRL PDL and DB21 II Manager and the Government organization providing the needed support is required. (Default)

Describe any Government Base Support, GFP or GFI to be provided by the Government to the contractor during performance of this PDL. "None" with the wording above, is the default for this item.

If there are requirements, provide as applicable, the following types of information using the Tables provided below as a sample format. Tailor as needed to you requirements. If additional space is needed either enlarge the table and make it a separate page or an attachment to the PDL or provide a detailed textual description as needed, below the table. **Note: You must also obtain a letter from the applicable Government organization (Installation Commander or other delegated authoritative official) documenting the availability of the needed government facilities/items and make it an attachment to the PDL. AFRL contracting will not issue your PDL without this letter.**

7.a. **Base Support-** Base support refers to occupancy of Government office space by contractor personnel. It is necessary to know number of personnel requiring space, security access required, time of access (24X7, normal duty hours, or other times of access), computer workstation requirements (type and quantity), office supply requirements, copying requirements, and telephone and FAX requirements.

Base Support Location	No. of Personnel	Access Security Level (U, S, TS)	Time of Access	Office Support (Office Space, Copier, Telephone, Fax): Yes or No?	Identification /Security Cards or Badges Required? Yes or No?	Computers: Type/Quantity
(Include full mailing address and a POC including phone number)						

Describe any other Base Support needed not covered above.

7.b. **Government Furnished Property (GFP)-** Government Furnished Property is what used to be referred to as Government Furnished Equipment (GFE). The table below provides a sample format for the minimal information needed to specify requirements for GFP. Written approval for AFRL RRS Government Furnished Property is required at the Division Level. For other than AFRL/RRS, approval for GFP is required at the Installation Commander (or other delegated

Property (Item Name/ Description)	Serial/ID No.	Purpose	Date to be Provided	Duration	Final Disposition Instructions

Describe any other GFP requirements not covered above.

7.c. **Government Furnished Information (GFI)**- GFI can refer to access to Government databases, or any Government data or documentation. Documentation requirements must be specified by including the Title, Date, Classification, Date to be Provided, Duration and Final Disposition instructions.

The table below shows a sample format for the minimum information needed to specify requirements for GFI pertinent to documents. Use a similar format for data, access to databases etc. Approval for AFRL RRS GFI is required at the Division Level. For other than AFRL/RRS, approval for GFI is required at the Installation Commander (or other delegated authoritative official) Level. **Disposition Instructions** to tell the DB21 II PM and the contractor what to do with the GFI upon completion of the PDL **are mandatory**. **PDLs requiring GFI which do not provide disposition instructions are unacceptable, and will be returned to the PDL Manager unprocessed until this information is provided.**

8. REPORTS/DELIVERABLES:

One copy of all documentation (if applicable) and software (if applicable) shall be provided to the AFRL PDL Manager identified in Paragraph 1.g(2). These items will be delivered in accordance with: 1) paragraphs 4.1 - 4.1.3 of the Databases for the 21st Century II (DB21 II) IDIQ Order 1 Statement of Work (SOW) entitled “AFIWC and DAWS/DMFE/IET Annually Basic Recurring Work and PDL Work”; and 2) derived Documentation Requirements from paragraph 4.1.6 (including all applicable subparagraphs) of the DB21 II Statement Of Scope (SOS) entitled “Databases for the 21st Century II (DB21 II): Information, Intelligence, and Information Warfare (I2/IW)”. 9. SUGGESTED ASSOCIATE/SUBCONTRACTOR(S) OR CONSULTANTS:

None. (*Default*)

Indicate if you feel any associate contractors, subcontractors or consultants are needed to perform any of the work described in this PDL. If your answer is yes: 1) Provide a full mailing address for each suggested source, including a POC and phone number; 2) list the DPI from paragraph 2 that you feel require associate or subcontractor involvement and provide a brief explanation why. **Note: The Government cannot direct the Prime Contractor to use or not use any specific associate contractor, subcontractor or consultant. The Prime Contractor is responsible for deciding who actually does the work, not the Government.**

10. BILLET INFORMATION:

None. (*Default*)

If billets beyond those currently available under DB21 II Order 1 are required for personnel to work on this PDL, then provide the following information in the Table below: the category of the billet and quantity of billets for each category, any special access requirements such as G, primary location/agency (such as AFIWC) where the billet will be used, and estimated date required. You must also provide a written justification why the billets are necessary.

If, at the time the PDL is prepared, all the details are not known, then include as much information as possible regarding billet requirements.
